

With the season coming to an end, we wanted to share some important dates and information to keep in mind when planning your shutdown for the season:

1. Water will be turned off Monday, October 2, 2023
2. With the help of Mother Nature, we will keep power on until October 10, 2023. Please keep in mind this is weather-dependent and could change. We will update ASAP if need be.
3. Gates will remain operational until the end of the day on October 11, 2023. After this date, access will only be permitted by foot, this is also weather-dependent and will be updated ASAP if need be.
4. The shower house will remain operational until the end of the day October 10, 2023.

5. Please ensure your holding tank has been cleaned out for the season by/on October 11, 2023, as this will be the last day that the septic companies will be permitted to drive into the park.
6. Reminder that all items except your recreational vehicle and leasehold improvements must be off your site and in winter storage by September 30th. Please don't forget to register and tag your items as well as fill out a winter storage agreement in the Office. The registration form can be emailed to you if needed.
7. Portable toilets (except for the one by the office) will be shut down for the season on September 29, 2023.

Thank you from all of us for an amazing season, we look forward to seeing everyone in the Spring! Have a safe and enjoyable off-season.

If you have any questions please don't hesitate to call the Office at 780-389-4071, email us at office@hilahayers.com or ryan@hilahayers.com.

All the best,
Hilah Ayers Staff and Management.
